Fox Sports Executive Team

" It was such an incredible retreat for the team and I had a long list of people that said this year has been the best yet. The takeaways are providing everyone with such a unique shared experience but also real skills and tools to use in their day to day. It's incredible to see the concept of what we discussed turn into reality. Everything was beyond expectations, from the location, to the history, to the team building, to the food…….simply incredible."

USMC Rehearsal

"So helpful in accommodating us! Food was delicious and the staff were very helpful!"

USMC Wedding

"We recently had the pleasure of working with Urban Kitchen for our wedding, and I truly cannot say enough good things about Rene and his team. From the very beginning, Rene was always available. No matter how many questions we had or when we called he answered the phone and made us feel like family. Rene's communication and reliability meant everything to us.

What stood out most was how genuinely excited he was for our marriage and wedding day. It never felt like "just another event" from him. We could feel that he truly cared and wanted everything to be special for us.

The food was wonderful. The service was smooth and the entire experience helped take so much stress off our shoulders. We are incredibly grateful we chose Urban Kitchen for such an important day.

Thank you, Rene, for being a part of our story and helping make our wedding day memorable."

USMCCCA

"Absolutely great professionals, food was amazing and excellent service. They did all the set up and cleanup little work for me to do. Would 100 percent use them again."
